Speakers/Panelists

- Church Council of Greater Seattle
Washington New Sanctuary Movement

"We have to cut off federal grants to sanctuary cities--those places that refuse to cooperate with federal law enforcement and actually abet criminal behavior--we have to end them. I repeat, we either are a nation of laws or we're not. What is missing is the political will." DJT

- OneAmerica

<https://www.weareoneamerica.org/>

"I want a database for the refugees that come into the country. We have no idea who these people are. When the Syrian refugees are going to start pouring into this country, we don't know if they're ISIS, we don't know if it's a Trojan horse. And I definitely want a database and other checks and balances. We want to go with Watch Lists." DJT

- WA Immigrant Network

"Federal immigration law provides if someone is here illegally and is apprehended, they are to be deported. Enforcing the law -- we can do it." DJT
