#### **ABOUT ILRC**

The Immigrant Legal Resource Center (ILRC) is a national resource center that provides trainings, materials and advocacy to advance immigrant rights. As a legal services organization, we train lawyers and paralegals on ever-changing and complex immigration law. We develop leadership by encouraging immigrants to play leading roles in confronting and reshaping the laws and policies that perpetuate racial, economic and social injustice. And we educate and empower those in the immigrant community so that they may organize and advocate for the rights and privileges that best define our democratic traditions.

David J. Pasternak, Esq.

I am a sole practitioner whose focus is on family based immigration law; ILRC seminars are the best and I do everything I can to not miss a single one. Not only do they go over the law, but also how it is applied and argued by attorneys in immigration court or the CIS office.
